An error occurred in the article by Strathearn et al, titled “What’s in a Smile? Maternal Brain Responses to Infant Facial Cues” published in the July 2008 issue of Pediatrics (doi:10.1542/peds.2007-1566). Acknowledgments should include Dr Samuel McClure, who assisted with formulating the study design, and Claudia Bracero and Krystle Bartley, who assisted in conducting the studies. On page 47, Figure 5 should appear as follows:

FIGURE 5.
Hemodynamic brain response of mothers viewing their own infant’s face compared with an unknown infant’s face in the left dorsal putamen (A) and the left substantia nigra (B; enlarged view is shown in the inset) (P < .0001, FDR corrected q < .05). C, Event-related averaging graphs for each region separated according to affect group.
