ERRATUM

An error occurred in the commentary by Holliday and Segar titled “Reducing Errors in Fluid Therapy Management,” which appeared in the February 2003 issue (Pediatrics. 2003;111:424–425). On page 424, in the right column, second paragraph, the second sentence in the paragraph reads: The common cause of hyponatremia is excess salt intake. That sentence should now read: The common cause of hypernatremia is too much salt intake.
