Lanou et al. Prenatal Nutrient Supplementation and Postnatal Growth in a Developing Nation: An RCT. *Pediatrics*. 2014;133(4): e1001–e1008

An error occurred in the article by Lanou et al, titled “Prenatal Nutrient Supplementation and Postnatal Growth in a Developing Nation: An RCT” published in the April 2014 issue of *Pediatrics* (2014;133(4):e1001–e1008; doi:10.1542/peds.2013-2850). On page e1003 under the heading “Data Analysis” on line 21 this reads: “The fixed effects in these equations included the intervention allocation (LNS versus MMN), primiparity, child gender, child age, type of malaria prevention, and health center to account for the study design.” This should have read: “The fixed effects in these equations included the intervention allocation (LNS versus MMN), maternal height, primiparity, child gender, child age, type of malaria prevention, and health center to account for the study design.”
