## ERRATA

### **Tikanmäki et al. Physical Fitness in Young Adults Born Preterm. *Pediatrics*. 2016;137(1):e20151289**

Errors occurred in the article by Tikanmäki et al, titled “Physical Fitness in Young Adults Born Preterm” published in the January 2016 issue of *Pediatrics* (2016;137 [1]:e20151289; doi:10.1542/peds.2015-1289).

On page 2, under the heading Methods, in the Participants section, on line 6, this reads: “Preterm Birth Study, which comprises 1890 young adults”. This should have read: “Preterm Birth Study, which comprises 1980 young adults.”

On page 2, under the heading Methods, in Participants section, on line 19, this reads: “Those who were pregnant ( $n = 18$ ) or reported cerebral palsy ( $n = 6$ ), mental disability ( $n = 7$ ), and/or other severe physical disability ( $n = 3$ ) were excluded, which left us with 139 participants born early preterm (EPT), 247 LPT, and 352 born after 37 completed weeks of gestation (referred to as “at term”) who served as controls.” This should have read: “Those who reported cerebral palsy ( $n = 6$ ), mental disability ( $n = 7$ ), and/or other severe physical disability ( $n = 3$ ) were excluded, which left us with 139 participants born early preterm (EPT), 247 LPT, and 352 born after 37 completed weeks of gestation (referred to as “at term”) who served as controls.”

On page 3, under the heading Methods, in the Statistical Methods section, on line 38, this reads: “As a sensitivity analysis, we also reran the analyses (1) after exclusion of subjects with asthma and (2) after inclusion of subjects with a known chronic condition affecting mobility who were excluded from the main analyses.” This should have read: “As a sensitivity analysis, we also reran the analyses (1) after exclusion of subjects with asthma and (2) after exclusion of 18 pregnant women, and (3) after inclusion of subjects with a known chronic condition affecting mobility who were excluded from the main analyses.”

On page 5, under the heading Results, in the Sensitivity Analyses section, on line 12, this reads: “We reran the analyses after the exclusion of participants with asthma. The results remained similar.” This should have read: “We reran the analyses (1) after the exclusion of participants with asthma and (2) after exclusion of pregnant women. The results remained similar.”
