#### ACKNOWLEDGMENT

We wish to thank Dr. N. Yanaihara, Shizuoka College of Pharmaceutical Science, and Dr. T. Kaneko, 1st Department of Medicine, University of Tokyo, for the synthetic LH-RH preparation for clinical use. We are grateful to the National Pituitary Agency and National Institute of Arthritis and Metabolic Diseases for the reagents for human LH and FSH radioimmunoassay. We also express thanks to Dr. A. Tsunoda, Dr. H. Maeda and Dr. M. Matsui, Department of Pediatric Surgery, Department of Plastic Surgery and Department of Otolaryngology, Kanagawa Children's Medical Center, for their clinical collaboration. We are indebted to Dr. H. Friesen, McGill University Clinic, Royal Victoria Hospital, Montreal, Canada, for his constructive criticism of the manuscript.

---
