#### CORRECTION

In the article “Annual Summary of Vital Statistics—1977” by M.E. Wegman (*Pediatrics* 62:947–954, December 1978) an incorrect figure was given (p 948, col 1) for the number of babies born to white mothers under 19 years of age. The sentence should read: “White mothers age 19 and under had 398,329 babies; black mothers in the same age group had 160,597.”
