## ERRATA

A reference (originally #7) of the AAP policy statement entitled "Treatment of Lyme Borreliosis" was omitted (*AAP News*, Vol. 7, No. 5, May 1991 and *Pediatrics*, Vol. 88, No. 1, July 1991). This omission moved the sequence of references 7-19 back by one.

With the inclusion of the following reference, the published reference numbers 7-19 will correctly change to reference numbers 8-20:

7. Pachner AR. *Borrelia bergdorferi* in the nervous system: the new "great imitator." *Ann N Y Acad Sci.* 1988;539:56-64.
